

CHECKERS

To start, select the difficulty for your computer opponent. Once you beat an opponent it will say **DEFEATED** on the title screen. Additionally, if you beat that opponent without take-backs you will get a star next to the defeated text.

Controls:

Use the **arrow buttons** to move the cursor
Use the **O button** to select and move pieces
Use the **X button** to access the game menu

CHECKERS

How-to-play

- Pieces can move forward on diagonals
- Pieces can jump over opposing pieces to capture them and can jump multiple pieces in succession
- All captures are required
- Pieces that reach the end become kings which can also move backwards.
